

Our Catalog is Growing

Library services temporarily limited during this update with the addition of Rolling Meadows and Wauconda Area Libraries bringing CCS Consortium's collection to over 5,510,000 items.

Friday, October 16 at 9 pm to Tuesday, October 20 at 12 pm

Dear Library members,

Exciting changes are happening in our consortium. With the addition of Rolling Meadows and Wauconda Libraries, the CCS Consortium's collection will include over 5,510,000 items—to enrich your library experience. While we work on this upgrade, please note the following:

- ▶ **Access:** Our E-resources will still be available inside the library building. Many will not be accessible remotely. We do not have a list of what will or won't work during this transition.
 - ▶ **Checking your account online:** Online accounts are unavailable beginning Friday, October 16 at 9 pm through Tuesday, October 20 at 12 pm. No additional material holds will be available: online or in person during this time.
 - ▶ **Bring your physical library card to check out materials** located at the library and branch. **Members must have a physical library card to check out materials. Staff will not have access to look up members by name with an ID. Members will not be able to use their electronic library card barcode from the app for checkout.**
 - ▶ **Self-Check Out Stations are closed.**
- ▶ **Study Rooms/Conference Room I:**
 - **Availability:** Saturday, October 17 through Sunday October 18. Available rooms will be on a first-come first-served basis.
 - **Closed:** Monday, October 19 through Tuesday, October 20. Due to room refurbishment work. Study rooms and Conference Room I will open on Wednesday, October 21 at 9 am.
- ▶ **Automated Return Stations will not be operational.** Drop your returned materials inside the library or into 1 of 2 library book dropboxes (books, DVDs, CDs).
 - ▶ **Return E-devices** to the Adult Services desk (Wi-Fi hotspots, Rokus, tablets).
 - ▶ **Extended due dates:** Enjoy your items a bit longer. The library is extending due dates so materials are not due during this time. **The materials check-in process** will begin on Tuesday, October 20.

We apologize for any inconvenience these temporary adjustments might cause. Our staff is striving to minimize disruptions. **This upgrade is estimated to take 5 days.**

Explore our existing collection inside the library and branch. Check out items from the front desk using a physical library card. **Staff will not have access to look up members by name with ID.**

Thank you for your understanding as we enhance your library experience together.
