

Food and Drink in Public Areas

Section 1: Beverages

Beverages may be consumed in public areas of the library as long as the beverage container has a lid.

Section 2: Food

Food may be consumed in the library. Food should not be consumed at the library computer tables, in the Launch Pad or in the Training Lab. If staff determine that consumption of food is creating a mess that impacts the ability of other members to use the space, members will be asked to move to the Vending Café or outside the library. Members are expected to clean up after themselves and to immediately report accidents to staff.

Outside food may not be brought into library programs.

This policy does not apply to library sponsored events or programs.
